

Pay Score Definitions

The Weighted Pay Score is a value from 1 to 100, weighted by high credit dollars, that represents a company's payment patterns. A Pay Score of "Insufficient Data" indicates an insufficient number of references to calculate the score. The Weighted Pay Score is calculated on information contained in the Trade Survey section. A minimum of two references is required.

Payscore	Payment Behavior
100	Discount
99	Discount/Prompt
98	Prompt
89	Slow 5 Days
79	Slow 10 Days
69	Slow 15 Days
59	Slow 20 Days
49	Slow 25 Days
39	Slow 30 Days
29	Slow 35 Days
19	Slow 40 Days
5	COD
1	Slow 45+ Days
0	Insufficient References
